

Hosted Cloud Surveillance at Ease

Camcloud - You Choose your own Camera

Camcloud partners enjoy exclusive benefits that help them build their recurring cloud surveillance business. The program consists of three partner levels: VIP, MSP, and MSP+ CAMC. All partners can leverage the many program benefits designed to make full integration of our advance user friendly platform. From totally branded mobile applications to generic non Camcloud platforms, these are just a few of the ways that we strive to make our partnership invaluable.

Master Service Providers are entitled to additional benefits, such as early product development knowledge, total branding for their mobile and website platforms.

MSP+CAMC Includes everything a MSP offers, plus support for OEM cameras, billing integration, customer domains, premium camera integration.

VIP Dealer is designed to create stronger partnerships and better solutions, with little to no upfront cost. By integrating all IP cameras into our service, the opportunities are endless. VIP partners are entitled to branded websites, generic mobile apps without Camcloud’s logo, technical support, premium camera integration, and more.
